THE SKYLINE ROOM

Located on the Museum's topmost floor just beneath the 230-foot spire, the Skyline Room offers panoramic views of the Charles River, Back Bay, Boston, and Cambridge through two walls of floor-to-ceiling windows. By day, natural light floods the space while birds fly by at eye level. By night, the sparkling mosaic of city lights provides a dramatic backdrop for any evening event. Sunsets are spectacular!

Available days and evenings
150 guests for a reception with limited seating
120 guests for a seated dinner
100 guests for a reception and dinner
100 guests for dinner and dancing
70 guests for classroom style
Room dimensions: 56' by 44'
